Hautbois et violons alternativement****

Parts in green are from the 1743 MS (BnF, Vm2 17). **The 1724 Basse Continue partbook contains this bass part (unfigured) for both minuets. ***Additions/corrections in lavender are from the 1743 MS (BnF, Vm2 17). 

****This indication is found only in the 1743 MS (BnF, Vm2 68). Presumably oboes would play the dessus and haute-contre, and the bassoon the basse-continue, in alternation with the full string ensemble.
